THE BUILDING SAFETY ACT 2022: THE NEW REGIME

The Building Safety Act achieved Royal Assent on 28 April 2022 and is the biggest shake up of building safety regulation since the Building Act 1984.

Register your interest

in our training session for the changes made by the Act that building owners, developers, contractors, consultants, brokers and insurers need to be aware of.

PROGRAMME

- Expected dates key sections of the Act will come into force
- Gateway one – already in force, what is required, any experience of it?
- Key Dutyholders – particular focus on Principal Designer role & competency
- Limitation – DPA
- Impact on appointments
- Insurance issues

OPTIONAL EXTRAS

- Proposed amendments/potential expansion of the scope
- Interaction with other legislation – Fire Safety Order, CDM regulations
- HSE as Building Regulator
- Impact of the Grenfell inquiry
